

A Kenning About Me!

A kenning is a great way to talk yourself in poem-form. If your friends and family had to describe you, what would they say about your personality, your hobbies, your favourite things and your dislikes?

Draw a picture of yourself in the circle, then brainstorm lots of words and phrases about yourself around your portrait.

Try and connect words that link together:

Finally, write your kenning! Remember each line has only 2 words (either a noun + a verb or a noun + a noun) and they're joined with a hyphen.

Challenge

See if you can include some poetic devices in your kenning, such as alliteration or metaphor.
