Clever clocks

Use a clock to make one of these times to show your partner.

5 o'clock	half past 10	7 o'clock	2 o'clock
half past 7	1 o'clock	half past 12	11 o'clock
half past 1	6 o'clock	half past 5	half past 6
12 o'clock	half past 2	10 o'clock	half past 11

If your partner can work out which time you are showing, they should colour it in.

Take it in turns.

Who colours in the most times?
