

Telling time to the half hour

Discover

Assembly is at **half past 10**. Will you remind me?

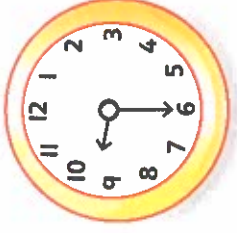

1 a) What time is it now?

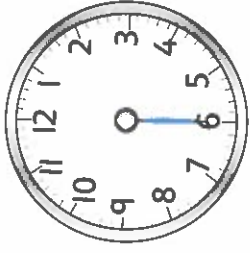

b) What will the clock look like when it is time for assembly?

Share

a) The minute hand is halfway around the clock. It is pointing to the number 6.

When the minute hand points to 6, it shows a half-past time.

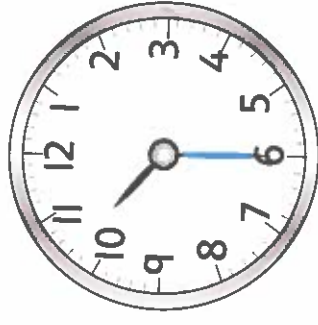

The hour hand is halfway between the 10 and 11. I think that means the time is halfway between 10 o'clock and 11 o'clock.

The time is half past 10.

b) Assembly is at half past 10.

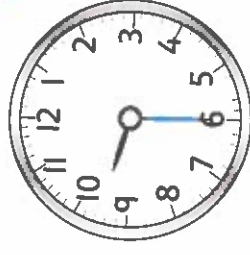

The clock will look like this:

I used my finger to trace the clock hands at half past 10.

At half-past times, always look at the number that the hour hand has moved halfway past.

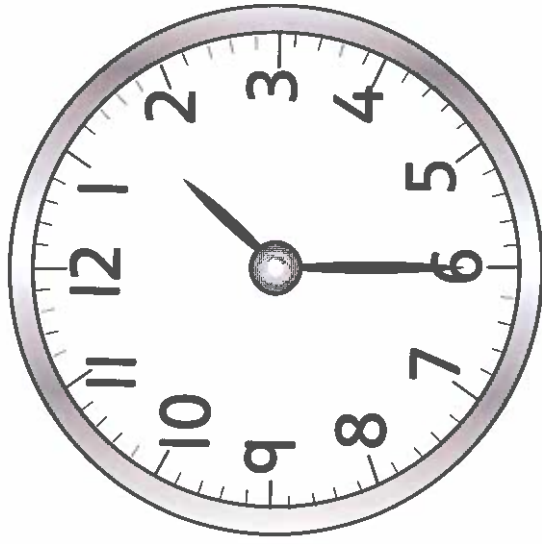

Think together

1 What time is it?

The time is half past .

2 What time is it?

The time is _____.

CHALLENGE

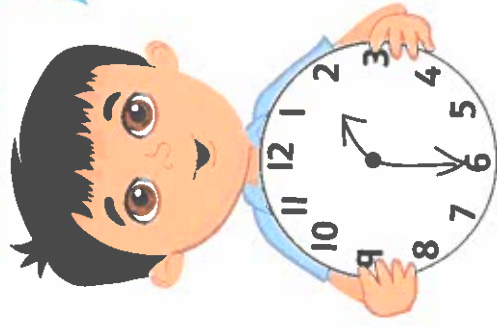

3

I have drawn half past 8.

Sidra

I have drawn half past 2.

Filip

What mistake has each child made?

Sidra has _____

Filip has _____

I am going to draw what each clock should look like.
